E. INSPECTIONS

Periodic inspections during the installations of improvements shall be made by the Planning Board or their designee to insure conformity with the approved plans and specifications as contained in the sub divider's contract and these regulations. The sub divider shall notify the Planning Board or their designee when each phase of improvements is ready for inspection.

F. ACCEPTANCE

Following final inspection and approval of the subdivision by the Planning Board, the Planning Board certifies to the Town Board that all installations and improvements have been completed in accordance with the sub divider's contract. The Town Board may proceed to accept the facilities for which bond has been posted or check deposited.
