

TOWN OF OSWEGO ACTIVITIES THROUGH 9/12/16

- The Thompson Park Road over Rice Creek was yellow flagged by NYSDOT September 1, 2016. Highway Department investigating.
- Rathburn Road Bridge Study continues.
- Bridge & Culvert inventory / condition assessment / funding application was submitted to BridgeNY Program for (5) culverts in Town highway system.
- Reviewed meter data on Ontario Heights Sewer District. Only have water meters, nothing on wastewater side. Need to confirm user base, district boundaries, recommend master meter at City line to better track sewage flows and trend leakage.
- Met with the City to initiate conversations regarding sewage system costs / capacities / long-term rate structures. Awaiting final agreement.
- Toured Ontario Heights District with Supervisor, reviewed sewer use ordinance.
- Applied for funding for Planning Study for wastewater collection / treatment needs and options along Rt. 104 corridor, including commercial users along Lake Shore Road.
- Met with Champlain valley on sewer limitations, costs, options NYS Route 104 Sewer Study.
- Advanced the Town culvert inventory, location, size and condition. Developed base map for highway use.
- Reviewed fueling replacement proposal from last week.
