

Town of Oswego Highway Department

Monthly Report – March 12, 2019

- Highway

- Rathburn Bridge over CSX railroad near OCWA. Working to get this bridge turned over to the County for Ownership and Maintenance responsibility. No new information.
- Thompson Rd bridge has been closed until further notice. Seeking input for possible alternatives to full scale replacement. Waiting for engineer's report to board.
- FEMA Damage Description has been agreed upon. Next step will be estimate of costs to repair and/or mitigate. No new information.
- Snow season is almost over. Remember there is no parking on Town roads between November 15 – April 15.
- Due to excessive ice jams on the lake shore, we anticipate higher than normal flood problems on Lakeshore Rd. Working with DOT for assistance – this is a priority for Gov. Cuomo
- We are still waiting to see if the County Engineer will be assisting us with the Thompson Rd bridge. No word since the beginning of the month. No new information since last meeting.
- On tonight's agenda, signing of permit to allow OCWA to construct a new water line on North side of Rathburn Rd between their facility and Co Rt 25 in the Town's Right of Way.

-

- BUILDINGS AND GROUNDS

- Town Hall Boiler System
- Boiler #1 found has had pump and sensor replacement. Has not failed since repair 2 weeks ago.

-

- SEWER SYSTEMS

- Ontario Heights
- New generator is installed and start up completed with Koehler. Koester has misc. items to complete. Highway Dept. will black top in spring with money held back from both contractors. Warranty work has been completed by Dan Shaver. Unit functioning properly.
- Sleepy Hollow
- Nothing new at this time.
