15. Resolution #2019-\_\_\_\_\_

**SUPPORTING THE SUSPENSION OF IJC PLAN 2014**

**WHEREAS**, Lake Ontario is a valuable regional, national and international resource, and

**WHEREAS**, federal governments of the United States and Canada and the International Joint Commission (IJC) have, in partnership with the States and Provinces, a joint interest in the management of Lake Ontario, and

**WHEREAS**, the management of the lake levels falls within this joint interest, and

**WHEREAS**, the flooding experienced by shoreline residents, by shoreline businesses and within public waterfront spaces has threatened life and safety while causing severe property damage, significant environmental damage, substantial economic loss and protracted mental health trauma, and

**WHEREAS**, municipalities have expended significant staffing and financial resources in flood mitigation, flood protections and emergency/disaster response, and

**WHEREAS**, the Town of Oswego has suffered significant financial damage directly related to the high water levels and flooding as a result of the IJC Plan 2014, which has washed out town roads forcing temporary closures, and other areas of both public and private property have been severely damaged, negatively affecting the quality of life, tourism, industry and overall economy in the Oswego area along with consuming Town of Oswego government operations and financial resources, and

**WHEREAS**, it is conceivable and reasonable to anticipate future flooding as was experienced in the spring of 2017 and is being experienced now in 2019, if changes to the current plan are not implemented, now therefore, be it

**RESOLVED**, that the Town Board of the Town of Oswego supports the action to revoke the International Joint Commission Plan 2014 and its devastating effects on our community, and be it further

**RESOLVED**, that the Town of Oswego joins the City of Oswego and the Town of Scriba, and other municipalities in requesting that the representatives of the International Joint Commission and the United States and Canadian federal governments immediately suspend Plan 2014 and establish a plan that better protects the interests of municipalities, emergency responders, riparian and private land owners.
